Warrant for Town Meeting

L. S. THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Canaan, County of Grafton, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose by ballot and plurality vote a Town Clerk, one Selectman for three years, a Town Treasurer, Tax Collector, Overseer of the Poor, one Library Trustee for three years, one Trustee of Trust Funds for three years, three Highway Agents, two Auditors, one Town Agent, Chief of Police, Surveyors of Lumber, Fence Viewers, Measurers of Wood and Bark, Weighers of Hay and Straw, Cemetery Agents, and such other officers as the Town may judge necessary to be chosen.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the town's expenses, including all departments, or take any action thereto.

Article 3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 4. Pursuant to a petition of ten legal voters: To see if the Town will vote to raise the sum of \$25.00 for the shoveling of paths and building fires at Canaan Street Town Library, this amount to be raised yearly.

Article 5. Pursuant to a petition of ten legal voters: To see if the Town will vote to accept a street 16 feet wide and 1-8 mile long, to run at right angles from U. S. Route No. 4 at the dwelling of Fred W. Jones and appropriate the sum of \$300.00 to defray cost of the same or take any action thereto.

Article 6. To see if the Town will vote to discontinue and make subject to gates and bars a section of the road running past the Kimball place, so called, this section to begin at the Kimball place and continue to the Canaan-Hanover town line, or take any action thereto.

Article 7. To see if the Town will vote to discontinue and make subject to gates and bars that section of road starting at the corner near the home of Ralph Perkins, continuing to the Helen Letson place, so called, or take any action thereto.

Article 8. To see if the Town will vote to discontinue and make subject to gates and bars a section of road on the Dodge road starting at the Morrison cottage and continuing to the Jones-Atwell cemetery, or take any action thereto.

Article 9. To see if the town will vote to discontinue and make subject to gates and bars that section of road between the Peter Campbell and the Paul Thibadeau places, so called, or take any action thereto.

Article 10. To see if the Town will vote to place the care of all parks, playgrounds and cemeteries under the direction of a commission, consisting of three members to be appointed by the board of Selectmen for a term of three years, except that the initial members shall be appointed as follows: One member for three years, one member for two years and one member for one year. This commission to be known as the Town Service Commission. This commission to serve without cost. Or take any action thereto.

Article 11. To see if the Town will vote to elect one road agent instead of three, this article to become effective in 1949, or take any action thereto.

Article 12. To see if the Town will authorize the Selectmen to contract the winter maintenance of the town highways.

Article 13. To see what compensation will be paid

town officers and what limitation of time the Tax Collector may have to settle with the Town.

Article 14. To hear the reports of Agents, Auditors, Committees or officers heretofore chosen and pass any vote relating thereto and to transact any other business that may come before the meeting.

Polls to close at 6 o'clock.

Given under our hands and seal this 21st day of February, A. D. 1948.

JOSEPH L. GRAHAM,
STANLEY C. BOGARDUS,
JAMES Q. RICARD,
Selectmen of Canaan.

A true copy of Warrant—Attest:

JOSEPH L. GRAHAM,
STANLEY C. BOGARDUS,
JAMES Q. RICARD,
Selectmen of Canaan.

FOREWORD

It is with pleasure that we once again submit this our report to you, for your inspection and information.

We call attention to the fact that with very few exceptions it was possible to keep expenditures within the amount appropriated by you at the 1947 annual meeting. It is expected that we will be able again to stay within amounts appropriated by you this year. We therefore urge each and every voter study and interest himself in the town's business prior to town meeting, then be at town meeting prepared to help decide the program for this year.

Your interested presence and vote will determine the amount of tax that you will be asked to pay in 1948. It is a mutual responsibility, one that should be a pleasure, and it is the duty of every American.

JAMES Q. RICARD,
For the Selectmen.

Superintendent's Report (Part one)

Increasing Costs. The facts herewith presented in brief are well known by all of us in our general everyday living but are less well known specifically in the field of education. Just received from Hammett's, a big school supply house in Boston, are these figures: Average increase in price of paper stock from Jan. to

Oct. 1946 was 37.8%, and from Oct. 1946 to Oct. 1947 it was 20.6%. Figures on non-paper supplies for corresponding periods are 27.8% and 10%. Somewhat comparable increases would be found in books and work-books.

b) Teachers' Salaries: By State Board ruling a teacher of four years of training with a degree and at least two years of experience must be paid \$2000.00. This is the minimum salary and any school system paying only the minimum runs the risk of having no teachers at all. This year there are 7 graduating from the elementary division at Plymouth Teachers' College and 18 at Keene. We are fortunate in being able to keep our schools successfully open. The National Education Association reports a salary of around \$2500 today equal in purchasing power to \$1500 in 1941.

c) It is not to be expected that the State of New Hampshire will continue to distribute \$2,000,000 in aid without insisting on full value received in the form of better education for New Hampshire youth. We need to keep this in mind at all times. The State will be reluctant to dictate anything but minimum standards and will prefer to lead as it has in the matter of in-service training of teachers through the very successful workshops it has been holding this year. We must expect results both tangible and intangible for the money spent.

New Laws. In the long run the law passed in the last legislature permitting cooperative school districts may well prove of more fundamental value than the State Aid bill. It needs to be given careful study for it opens up new horizons for N. H. youth in the form of a richer, more varied, more meaningful educational opportunity particularly on the junior and senior high school level. A superintendent of schools is a liaison officer between many different groups and is always being "keel-hauled" sometimes in many directions at once!

Certainly it is that much is being written and spoken on the defects of our educational system and of the things which we must do. Then too we realize our failings better than most others if we are conscientious in our work. Briefly stated some of these ideas can be realized only with more efficient and educationally richer organizations.

b) School Districts are now permitted to set aside a capital reserve fund equal to $\frac{1}{2}\%$ of the assessed valuation. It would seem wise in some circumstances to take advantage of this provision while earning power remains high in anticipation of times when wages may be lower, and particularly desirable to do if any major building alterations or programs are being considered.

c) New teachers must join the Teachers' Retirement System. To the school district this means an assessment payable July 1 of each year of at least 5% of the teacher's salary. This, plus voluntary membership, will account for the increase in the budget item of Insurance and Other Fixed Charges.

d) Beginning with the school year 1948-49 pupils must be in attendance 180 days not counting teachers' institutes. As many as five days of this 180 may be used for teachers workshops under the supervision of the State Board. In effect this means the adding of a week to the school year. Days lost from a basic calendar must be made up before the close of school.

The past year has very definitely been one of good achievement in the material sense. It has seen the fruition of a most successful hot lunch program due to the untiring efforts of your local school and civic leaders and the unstinting generosity of Canaan residents as a whole. Such accomplishment renews hopes of better things to come.

The past 12 months have seen considerable painting done, a new roof on the high school, new lights installed, shades and new books purchased. The geo-

ography series is now complete, a language series introduced, a new speller is being given a trial, dictionaries and supplementary books purchased including a Junior Britannica Encyclopedia, a globe, and new maps bought, and the usual purchase of replacements and workbooks. Worthy of special notation is the high school subscription to the Science Research Associates material on guidance and the testing program for juniors and eighth graders for interests and abilities given under the supervision of Mr. Richard Smart of Tilton. This combination makes a good foundation for a guidance program.

Since much is being written on a national scale about training for citizenship attention should be called to a new course in Contemporary World Problems being taught by Mrs. Annette Burns. This is not a text book course, is not taught as such, uses much supplementary material and should prove a sound course for today's and tomorrow's citizen. We would like to emphasize here the fact that this course in Canaan is beyond the theory stage and is being taught.

One might think with such accomplishments and hopes of increasing the same we should "rest our case and coast in." There is some danger too that the readers will say that, "All is well." However, the basic antiquated school organization remains, using buildings educationally inadequate as to size and type of rooms, heating and sanitation, with fixed and too many double seats; no provision is made for art or music supervision for all; physical education is of the recess type; there is no place for health examinations; vocational courses are at a minimum and of doubtful placement value; there are no provisions for successful assemblies, rallies, and other morale building activities; audio-visual techniques are largely terms in educational magazines; on the high school level the provision for athletics seem to be at its height with boys and their headmaster and

others chafing at the bit desiring to do more but having initiative killed by no facilities. The boys and Mr. Taylor deserve high praise for accomplishing much under the poorest of conditions. Much more could be written to prove that our educational system and basic building equipment are inadequate when compared with towns of comparable size and wealth. Without a strong teaching staff throughout the Canaan area the educational opportunities of Canaan pupils could be disastrous. We need to give these problems the same thought, energy, drive, and cooperation we have in providing for one third of a pupil's food requirements for 180 days in the year. We can not ask for more! These things will give us a solution, a better school system, better opportunities, and most important, better and more roundly developed citizens for the world, for country, and for Canaan. No one knows what form this result will take; there are several possibilities and all spell better trained youngsters.

There can be no better conclusion to this than Dr. Edgar Fuller's quotation prefacing the Lay-Professional Report: "Given full opportunity to consider the facts about public education, the people of New Hampshire will make the right decisions about it."

Respectfully Submitted,

C. MAURICE GRAY
